The Agile Workshop Your Roadmap to Better Results

Top Performing Companies will emerge from the coronavirus pandemic stronger and more competitive by achieving three objectives:

- f* Enhancing employee productivity with rapid deployment of persona-based devices and exceptional support that does not overburden current IT staff.
- f* Ensuring wherever employees do their work they can seamlessly and securely connect to their work environment fully protected against increasing malicious security threats.
- f* Creating a frictionless digital work environment that Eexhinc

Workshop Format

DURATION Typically a 2-3 hour whiteboard session conducted virtually.

POMEROY PARTICIPANTS Workshops are led by Pomeroy Subject Matter Experts with extensive industry experience delivering digital transformation that is simple, intuitive, agile and secure.

CLIENT PARTICIPANTS Executive/management level resources with responsibility for setting and/or influencing your Workplace Services strategies are critical for workshop success.

WORKSHOP APPROACH Interactive discussions follow a structured framework as a means of discovery of your current environment and desired state with a corresponding gap assessment.

POST-EVENT ACTIVITIES The workshop is an iterative exercise capturing participant feedback and delivering recommendations designed to accelerate your digital transformation.

Industry recognized for leadership and innovation in Managed Workplace Services, Pomeroy's Agile Workplace Workshop is the best approach to reignite or accelerate Digital Transformation.
